- (a) if, MYTV considers that the Forecast does comply with the Forecast Request, to specify in that notice the additional information which the Access Seeker is to provide to comply with the Forecast Request and MYTV will not require such information to be provided sooner than four (4) weeks after such a notice; or
- (b) if, MYTV considers that the Forecast does comply with the Forecast Request, to specify in that notice that the Forecast is provisionally accepted subject to verification of the details of the Forecast and the matters set out in Paragraphs 2.14(a) to 2.14(d) below.

2.14 Reasons for rejection: MYTV may only reject a Forecast following provisional acceptance where MYTV reasonably believes that the Forecast is inaccurate or, there is insufficient capacity having regard to:

- (a) the total current usage of the Services by MYTV and all Access Seekers;

- 2.2 Subject to Paragraph 2.3 below the Access Seeker may place firm orders for DTBMS services from time to time with the quantity indicated in the first year forecast.
- 2.3 Order content: The Access Seeker shall ensure that the order contains the following information to enable MYTV to access and fulfil the order;

(d) the position of the Order in MYTV's queue.

2.7 Notice of Acceptance: MYTV's Notice of Acceptance to the Access Seeker must contain the following information:

(a) the delivery date or activation date (as applicable), which must be the date that is requested by the Access Seeker, or, if that date cannot be met by MYTV, then no later than:

(a) The Access Seeker's confirmation of an Order is not required if MYTV accepts the Order

without change. A change may include circumstances where delivery dates are delayed, estimated charges are exceeded or any other matter that requires further confirmation from the Access Seeker before MYTV can proceed with the Order.

- (b) Where the Access Seeker's confirmation is required for MYTV to proceed with fulfilling an Order as provided for under Paragraph 2.9(a) above, MYTV shall permit the Access Seeker to provide its confirmation within the Validity Period and shall not provision the Order until the confirmation is received. Upon receipt of such confirmation, MYTV shall fulfil the Order in accordance with the Notice of Acceptance.

2.10 Estimated charges: If the Notice of Acceptance provided by MYTV contains estimates of charges (e.g. based on time and materials):

- (a) MYTV shall not exceed the estimate without providing the Access Seeker with a written notice prior to exceeding the estimate that:
 - (i) the estimate will likely be exceeded;

2.11 Reasons for rejection: MYTV may only reject an Order from an Access Seeker where:

- (a) subject to Paragraph 6.2 of Section D of this RAO (as if references to 'Access Request' in that Paragraph were references to 'Order'), it is not technically feasible to provide access to the Services requested by the Access Seeker;
- (b) subject to compliance with Paragraphs 2.24 and 2.25 below, MYTV has insufficient

capacity to provide the requested Services;

- (c) subject to Paragraph 2.13 below, the Order is in excess of the agreed Forecast levels;
- (d) the Order or variation request duplicates an Order awaiting fulfilment;
- (e) there are reasonable grounds to believe that the Access Seeker would fail to a material extent, to comply with the terms and conditions of the Access Agreement and such concern cannot be addressed to MYTV's satisfaction, acting reasonably (e.g. through the application of a security requirement in accordance with this RAO); or
- (f) there are reasonable grounds to believe that the Access Seeker would fail, in connection with the supply of the Services to protect the integrity of a Network, or the safety of individuals working on, or using services supplied by means of a Network or Equipment and such concern cannot be addressed to MYTV's satisfaction, acting reasonably (e.g. through the application of reasonable security or escorted access requirements).

2.12 Notice of rejection: MYTV's notice of rejection of an Order to the Access Seeker must:

MYTV is only required to do so if, after meeting the Forecast requirements of other Access Seekers and itself, there is available capacity or MYTV could readily upgrade existing capacity. MYTV shall allocate the available capacity on a non-discriminatory basis to meet the over Forecast requirements of all Access Seekers and itself. MYTV is not required to supply Services in excess of the Forecast if, despite adopting any reasonable improvements (including upgrading capacity), this would cause a material degradation in the quality of Services provided to all Access Seekers and/or itself.

2.14 Indicative delivery times: The indicative delivery timeframe for DTBMS services is twenty (20) Business Days from the Notice of Acceptance or the confirmation of the order (as applicable) in accordance with Paragraph 2.9 above.

2.15 Early delivery dates: If MYTV, in the normal course of business, is able to offer a delivery date earlier than the delivery date that would otherwise apply, it must advise the Access Seeker in writing and, if requested by the Access Seeker, deliver access to the relevant Services at the earlier delivery date.

2.16 Delayed delivery dates: Where a delay in the delivery of an order is caused by the Access Seeker:

- (a) MYTV shall notify the Access Seeker of the delay to the delivery date as soon as practicable after MYTV becomes aware of it;
- (b) MYTV and Access Seeker must work together to minimise the delay; and
- (c) the delivery date specified in the confirmed order or indicative delivery time set out above shall be extended for a further period as may be reasonably necessary by MYTV, and MYTV shall promptly notify the Access Seeker of the revised delivery date;

or, where there is a delay caused by MYTV or by a third party, that is not acting under MYTV's direction or control:

- (d) MYTV shall notify the Access Seeker of the delay to the delivery date, together with the reasons for the delay, as soon as practicable after MYTV becomes aware of the possible delay;
- (e) MYTV shall permit the Access Seeker to cancel the Order without penalty if the delay is longer than the equivalent time period for delivery of the Service; and
- (f) the delivery date shall be extended for a further period as may be reasonably necessary by MYTV, and MYTV shall promptly notify the Access Seeker of the revised delivery date.

2.17 Cancellation and variation of Orders: MYTV shall allow an Access Seeker to cancel or vary an Order at any time subject to Paragraph 2.18 below.

2.18 Cancellation or variation penalty: Except where this RAO provides that cancellation of an Order is to be at no penalty:

- (a) MYTV may impose a charge for the cancellation or variation of the Order; and
- (b) the charge which the Access Seeker is required to pay shall not exceed the lesser of the following amounts:
 - (i) the of costs necessarily incurred by MYTV which is directly attributable to the cancellation or variation; or
 - (ii) an amount equal to the sum of charges that would have been payable by the Access Seeker in the six (6) months immediately following the cancellation or variation had the Order not been cancelled or varied,

- (b) specifies the methodology and unit costs for fees under Paragraph 2.20(a) above can be referred under Paragraph 2, Part III of Section G, and in this RAO.; and
- (c) may reasonably require the methodology and unit costs for fees under Paragraph 2.2(a) above that have not been included in this RAO be subject to a confidentiality agreement in accordance with Annexure 2 of this RAO.

2.21 Late delivery: If MYTV fails to meet the delivery date or any extended delivery date notified to the Access Seeker in accordance with Paragraph 2.16 (f) above, except where such failure has been caused solely by the Access Seeker's delay or a delay by a third party that is not acting under MYTV's direction or control (for example, where a local authority or landowner delays providing necessary approvals for works to commence), MYTV shall, without limitation to any other rights the Access Seeker may have under Part II of this RAO or the law, provide a rebate to the affected Access Seeker. The rebate shall be for an amount equivalent to the recurring charges payable for access to the Services for the period of MYTV's delay, and the methodology and unit rates for calculating such rebates shall be set out in confidential agreement with the Access Seeker. If MYTV alleges that a failure has been caused solely by the Access Seeker's delay or a delay by a third party not acting under MYTV's direction or control, MYTV shall have the burden of demonstrating:

- (a) that allegation; and
- (b) that MYTV has done all things reasonably practicable to minimise or avoid such failure.

2.22 Queuing policy: MYTV shall establish and maintain a queuing policy for each Service, which:

- (a) shall be non-discriminatory;
- (b) shall be applied to Orders of all Access Seekers and Orders for itself for the same or similar Services, and shall treat the Orders of Access Seeker on an equivalent basis to that which MYTV treats Orders for itself for the same or similar Services; and
- (c) shall seek to maximise the efficiency of its ordering and provisioning process.

2.23 Acceptance on queue: MYTV shall promptly notify an Access Seeker at the time of providing an acknowledgement of receipt of the Order under Paragraph 2.5 above (and as specified in

the Notice of Receipt under Paragraph 2.6 above), of their acceptance of, and position in, MYTV's queue.

2.24 Constrained capacity: If MYTV reasonably believes that the capacity in any Services required by:

- (a) the Access Seeker pursuant to the relevant Forecast and/or Order;
- (b) other Access Seekers, pursuant to their relevant Forecasts and/or Orders; and
- (c) MYTV, for the purposes of its own divisions, subsidiaries, partners or other entities in which it has a direct or indirect equity, contractual or other interest,

would, in aggregate, exceed the capacity which MYTV will be in a position to be able to provide, MYTV must:

- (d) notify all Access Seekers to whom relevant capacity is supplied; and
- (e) allocate the available capacity between itself, the Access Seeker and other Access Seekers in accordance with MYTV's Capacity Allocation Policy.

2.25 Capacity Allocation Policy: MYTV's capacity allocation will be on a first come first serve basis.

 - (c) Where physical co-location cannot be granted to an Access Seeker, the Access Seeker shall be granted either virtual co-location or in-span interconnection as requested by the Access Seeker.
- 15. Deemed Access Provider: If an Access Seeker (referred to in this Paragraph 15 as the "Deemed Access Provider") obtains physical co-location at a POI or a network facility from MYTV, and MYTV is unable to provide virtual co-location or in-span interconnection as required under Paragraph 14 (c) above, it shall be deemed to be an Access Provider for the purposes of this Section G, Part II. The Deemed Access Provider shall be required to permit access to Access Seekers following the same procedures for permitting access as those required to be followed by MYTV. Within two (2) Business Days of reaching a co-location agreement with an Access Seeker, the Deemed Access Provider must notify MYTV of the existence of the agreement and the identity of the Access Seeker, and must ensure that the Access Seeker complies with the relevant co-location obligations contained in this Section G, Part II. The Deemed Access

Provider shall be responsible to MYTV for all acts and omissions of any Access Seekers in connection with providing access to Facilities and/or Services under its co-location agreement.

16. Lack of space: Subject to Paragraph 17 below, if there are space constraints at a particular location, MYTV shall take reasonable steps to optimise its usage of the space, including through the upgrading of facilities and transferring equipment to an alternative location. After MYTV has used its best efforts to accommodate all Access Seekers, and it is not physically possible for any further Access Seekers to be accommodated, MYTV shall:
 - (a) notify the Commission of the lack of space at the location;
 - (b) provide any supplementary information which may be requested by the Commission (which may include physical inspections by the Commission); and
 - (c) be excused from providing physical co-location at that location unless and until the Commission notifies MYTV that the Commission considers that physical co-location can and must be provided, in which case MYTV shall provide physical co-location as directed by the Commission.
17. Reservation of space: MYTV shall not reserve space other than for its own current needs, its future needs (calculated by use of a reasonably projected rate of growth over two (2) years) and the needs of other Access Seekers who are currently occupying or have ordered space from MYTV.
18. Allocation of space: MYTV shall allocate space at each location where physical co-location is to be permitted in a non-discriminatory way and will treat other Access Seekers as it treats itself.
19. No minimum space requirements: MYTV shall not impose minimum space requirements on an Access Seeker.
20. Notice of refusal: If MYTV proposes to refuse, or refuses, a request for physical co-location from an Access Seeker on the basis of current or future needs of MYTV and/or the needs of other Access Seekers who are currently occupying or have ordered additional space from MYTV, it must also notify the Access Seeker and the Commission of:
 - (a) the space currently used by MYTV;
 - (b) the amount of space reserved for MYTV's future need;
 - (c) the space currently occupied by other Access Seekers;
 - (d) the space ordered by other Access Seekers; and
 - (e) the total amount of space potentially available but for the uses set out above.
21. Preparatory work by Access Seeker: If preparatory work is necessary for the purposes of allowing the Access Seeker to obtain access to or co-locate at or on MYTV's network facilities, MYTV shall permit the Access Seeker's employees and/or contractors to perform such preparatory work if the Access Seeker satisfies MYTV (acting reasonable and in accordance with the policy referred to in this Paragraph 21) that such employees and/ or contractors have

the necessary qualifications. MYTV shall publish and make available a policy about the necessary qualifications applicable to employees and/or contractors who will be permitted to perform preparatory work under this Paragraph 21, and such policy to be non-discriminatory in its application to MYTV's personnel and the Access Seeker's employees and/or contractors who perform similar functions.

22. Preparatory work by Access Provider: If MYTV agrees to perform preparatory and does so on the basis of an estimated charge (e.g. based on a time and materials basis):
 - (a) MYTV shall not exceed the estimate without providing the Access Seeker with prior written notice that:
 - (i) the estimate will likely be exceeded; and
 - (ii) a further estimate of the charges for the work necessary to complete the preparatory work; and
 - (b) MYTV shall permit the Access Seeker to withdraw the request for preparatory work without penalty if the revised estimate exceeds the original estimate by more than ten percent (10%) of the original estimate.

23. Delays: If MYTV agrees to perform preparatory work and it is or likely to be unable to perform such work within the agreed timeframe, MYTV shall:
 - (a) notify the relevant Access Seeker of the delay to a delivery date, together with the reasons for the delay, as soon as practicable after MYTV becomes aware of the possible delay;
 - (b) permit the Access Seeker notified under Paragraph 23(a) above to cancel the preparatory work without penalty if the delay is longer than ten (10) Business Days; and
 - (c) compensate the Access Seeker for the costs it has incurred as a result of delay, subject to the Access Seeker using reasonable endeavours to mitigate those costs.

24. Utilities and ancillary services: If MYTV has permitted access or physical co-location at a particular location or network facilities, MYTV shall, where the relevant utilities and ancillary services are within MYTV's control, ensure that all necessary utilities and ancillary services are provided to enable the Access Seeker to benefit from such access or co-location to the same extent that MYTV provides to itself, including but not limited to:
 - (a) access to roads;
 - (b) access to land;
 - (c) power, including the provision of back-up power;
 - (d) environmental services (including but not limited to heat, light, ventilation and air-conditioning, fire protection);
 - (e) security, taking care to ensure that its agents, representatives or sub-contractors do not

damage any equipment, and keeping the location secure and protected from vandalism or theft; and

- (f) site maintenance.
25. Cost: The utility and ancillary costs in respect of the network facilities as contemplated in Paragraph 24 above shall be apportioned (in accordance with fair and equitable principles) between MYTV and all Access Seekers at the relevant location.
 26. Security caging: MYTV shall not require the use of cages or similar structures to physically segregate co-located equipment, or equipment located at or on network facilities of MYTV.
 27. Equipment allowance: MYTV shall permit an Access Seeker to locate equipment on or at MYTV's network facilities which is necessary for the purposes of obtaining the benefit of access to the network services and network facilities provided in accordance with this RAO, including but not limited to multi-functional Equipment which may also be used for purposes other than those specified in this Paragraph 27.
 28. Marking: All Operators shall mark or label their Equipment, wires, cables, batteries and distribution boards in such a manner that they can be easily identified as the property of the relevant Operator. At all times during the Access Seeker's tenancy, it is the responsibility of the Access Seeker to ensure that the marking and labelling is done with reasonable quality.
 29. Maintenance: MYTV shall permit, and do all things reasonably necessary to allow, an Access Seeker to maintain its Equipment at or on the network facilities to which access has been granted under Paragraph 6 of this Section G Part II of this RAO.
 30. Extensions: MYTV Shall reasonably permit the Access Seeker, at the Access Seeker's cost, to extend MYTV's network facilities as may reasonably be required to meet Access Seeker's requirements in the circumstances and to the extent technically feasible.
 31. Security and critical national information infrastructure:
 - (a) MYTV may decline to publish information in connection with particular POI and other locations where Facilities are located, for national or operational security reason, but in such circumstances, MYTV must:
 - (i) promptly provide such information to other Operators on request, subject only to the Operators entering into a confidentiality agreement in accordance with this RAO;
 - (ii) offer to provide, and if the offer is accepted, provide, updated location details to such Operators as POIs and Facilities are withdrawn, introduced and changed; and
 - (iii) provide all such information to the Commission and, on a 6-monthly basis, the locations at which MYTV is offering to supply Network Co-location Service, the locations at which Access Seekers have requested Network Co-location Service and the locations at which MYTV is actively supplying Network Co-location Service.
 - (b) MYTV may establish reasonable security procedures and processes (such as identity checks) to apply to personnel of Access Seekers who will physically access POIs or other

locations where Facilities are located. However, such procedures and processes shall:

- (i) not completely or substantially prohibit an Access Seeker from physically accessing a POI or other relevant location unless MYTV has been directed in writing to do so by the Government (in which case, MYTV shall notify the Commission); and
- (ii) be no more restrictive or onerous than the procedures and processes that MYTV imposes on its own personnel who physically access the same POIs and locations.

- 2.8 The costs of the arbitration are to be shared equally between the Parties, unless the arbitrator of the Dispute has decided not to determine the Dispute in accordance with Paragraph 2.7 above. If an arbitrator decides not to determine the Dispute, the party that initiated the Dispute must pay the other party's costs.

3. Interconnect Steering Group

- 3.1 In the first instance the Parties should attempt to resolve the Dispute between themselves. Either party may give written notice ('Notice') to the other party ('Receiving Party') stating its intention to form, within ten (10) Business Days, an Interconnect Steering Group ('ISG') and outline the details of the Dispute.

- (a) to the extent the issues in dispute are technical in nature, to a Technical Expert (in accordance with Paragraph 4 of this Annexure); or

- 4.6 At the request of either party and subject to the parties agreeing, or the Technical Expert deciding within five (5) Business Days of the last written submission, that the arbitration by the Technical Expert should be by documents only, a Technical Expert hearing will be held within fifteen (15) Business Days of the last written submission.
- 4.7 Should a Technical Expert hearing be held, each party will have the opportunity of making an oral submission in addition to the written submissions submitted in Paragraph 4.5 and 4.6 above. This process will be conducted in private.
- 4.8 The procedure for hearing technical disputes will be determined by the Technical Expert (including number and duration of oral submissions by the Parties) but in any case, the Technical Expert's hearing will last no longer than three (3) Business Days.
- 4.9 The Technical Expert will not have the power to appoint any other experts.

- 5.1 As outlined in the billing provisions of this RAO at Part VI, a party ("Invoicing Party") shall provide to the other party ("Invoiced Party") an Invoice in writing, or in such electronic form

as may be agreed from time to time, for amounts due in respect of the supply of Services during such Billing Period.

- 5.2 An Invoicing Party shall allow an Invoiced Party to dispute an Invoice prepared by the Invoicing Party if the Invoiced Party notifies the Invoicing Party within thirty (30) Business Days after the date of receipt of such invoice, provided that, in any case specified above, the Invoiced Party's Billing Dispute Notice specifies the information in accordance with Paragraph 5.4 of this Annexure.
- 5.3 A Billing Dispute may only arise where the Invoiced Party has reasonable grounds to believe that an error has arisen from one of the following circumstances:
- (a) the Invoicing Party's Billing System is, or has been, defective or inaccurate in respect of the recording of the calls which are the subject of the Dispute;
 - (b) there is, or has been, a discrepancy between the Invoice in dispute and the records generated by the Invoiced Party's Billing System;
 - (c) there is, or has been, a fraud perpetrated by the Invoicing Party; or
 - (d) the Invoicing Party has made some other error in respect of the calculation of the charges which are the subject of the Billing Dispute.
- 5.4 A Billing Dispute Notice given under this Paragraph 5 must specify:
- (a) the reasons for which the Invoiced Party disputes the Invoice is disputed;
 - (b) the amount in dispute;
 - (c) details required to identify the relevant Invoice and charges in dispute including:
 - (i) the account number;
 - (ii) the Invoice reference number;

- 5.5 The Invoiced Party may withhold payment of amounts disputed in good faith in accordance with Paragraph 1.15 of Part VI of this RAO. If the Billing Dispute is resolved against the Invoiced Party, that Invoiced Party shall be required to pay interest at the rate specified in Paragraph 1.19 of Part VI of this RAO on the amount payable.
- 5.6 Where the Invoiced Party has paid an amount and subsequently notifies the Invoicing Party of a Billing Dispute in relation to that amount within the Billing Dispute Notification Period, the

Invoicing Party is not obliged to refund any or all of that amount until the Billing Dispute is resolved in respect of that amount. Once the Billing Dispute is resolved, if the Invoicing Party is obliged to refund an amount to the Invoiced Party, interest will be payable on the refunded amount at the rate specified in Paragraph 1.19 of Part VI of this RAO. In such circumstances, interest will be payable from the date the Invoiced Party paid the disputed amount to the date of the refund by the Invoicing Party.

- 5.7 The parties agree to use their reasonable endeavours to promptly resolve any Billing Dispute notified under this Paragraph 5.
- 5.8 If the parties are unable to resolve any Billing Dispute within one (1) month (or such other period as the parties may agree) from the date on which the Billing Dispute Notice is received, either party may seek the consent of the other party to extend the period for resolution of the Billing Dispute stating the exceptional reasons for such extension. The other party is, however, under no obligation to agree to such extension.
- 5.9 To the extent that a Billing Dispute notified under this Paragraph involves a Billing Dispute with an international correspondent of the Invoicing Party, the Dispute Resolution Procedures shall be suspended for a reasonable period of time pending resolution of the Billing Dispute with that international correspondent. As a general rule, the period of suspension will not exceed four (4) months. However, the parties shall recognise that some Billing Disputes with international correspondents may take longer to resolve, in which case the Invoicing Party must promptly inform the Invoiced Party of the likely period required for resolution.
- 5.10 Once the negotiation period under Paragraph 5.8 of this Annexure (including any extension agreed) and any suspension period under Paragraph 5.9 of this Annexure have expired, the Billing Dispute may be referred by the Invoiced Party to the procedure described in Paragraph 5.11 of this Annexure ("Billing Dispute Escalation Procedure").
- 5.11 The Invoiced Party may refer a Billing Dispute to the Billing Dispute Escalation Procedure under this Paragraph 5.11 by notifying the Invoicing Party's Billing Representative. Both parties shall then appoint a designated representative that who has authority to settle the Billing Dispute, and who is at a higher level of management than the persons with direct responsibility for administration of this RAO. The designated representatives shall meet as often as they reasonably deem necessary in Order to discuss the Billing Dispute and negotiate in good faith in an effort to resolve such Billing Dispute. The specific format for such discussions will be left to the discretion of the designated representatives, however all reasonable requests for relevant information made by one party to the other party shall be honoured.
- 5.12 Once any Billing Dispute has been resolved to the parties' satisfaction, any sum to be paid or repaid shall be paid by the relevant party within ten (10) Business Days from the date of resolution of the Billing Dispute.
- 5.13 Although it shall be the good faith intention of the parties to use the above Billing Dispute Resolution Procedures to the fullest extent to try to solve Billing Disputes, nothing in this Annexure shall prevent either party from pursuing any other remedy in law or equity that may be available to them if a Billing Dispute cannot be resolved to their satisfaction.
- 5.14 A party may request a joint investigation of Invoice discrepancies after that party has

conducted a comprehensive internal investigation, including an examination of its own Billing System. Prior to commencement of the joint investigation, the Parties must agree on the terms of the joint investigation, including:
